of sympathy...*

Ashley's popcorn was her specialty to me & I will miss her dearly. Ashley would pop into my office & say, "Popcorn boss lady?!" This was Ashley's way of popping in to share a smile and a quick chat. Somehow she always had the perfect timing with her popcorn. She was a true treasure to have in our department. Our thoughts and prayers are with y'all. - Jamie
I really loved working with Ashley. She was always so helpful and cheerful, a real bright spot in the office. I'm incredibly sorry for your loss. She was loved and will be desperately missed here. Know that you are all in our thoughts and prayers. - Austin

I didn't work directly with Ashley but that didn't stop me from getting to know her a bit. She was a bright spot in the office and had such a wonderful spirit. I am terribly sorry for your loss.

I am so sorry that you have to experience the pain of losing your sweet Ashley. She was always smiling and was a bright spot on my team and in our department. She always tried her best and was always so kind and considerate. I loved how she always called me "mlady" and made me happy throughout the day. I am going to miss her terribly.

*Such an amazing spirit!
I loved seeing you smile

*Ashley participated in a gaming session
I was fortunate to have lead. She and
five others participated in a role-playing
game, some for the first time.
She was delightful! Refusing to be
distracted, she kept the team focused
and shared her time in the spotlight.
Even supportive, caring - a bright star. I
felt blessed even though we saw only the
tiniest sliver of her soul.

Though I only knew Ashley for a short time, she had a big impact on me. She had an amazing attitude and positive spirit. I wish I could have gotten to know her better, but I will always remember her with a smile and a cheerful demeanor. Your family is in my thoughts and prayers.

Ashley, our sparkly, thoughtful, and caring teammate. You are dearly missed. I'll miss your electric personality print and our anime and cartoon talks. My deepest condolences to your family and loved ones. We were blessed to have met you.

Ashley was one of the kindest, smartest and silliest people I've had the pleasure of working with. I wish I'd gotten a chance to know her better, but I know she was a joy to everyone she interacted with. My Condolences. Liza

I had the pleasure of getting to know Ashley over time with short but sweet moments. She was unfailingly kind and had a smile that lit up the room. I remember one day coming across Ashley as she was having a tough time and we shared a hug in condolence. I won't ever forget that hug. I'm so incredibly sorry for your loss. Sending your family love and light.

I was your trainer your first day at EBQ, and we became instant friends when you hyped up my Overwatch Winston Funko on top of a jar of peanut butter. You always brought a smile and laughter to someone's day for their sake, never for your own satisfaction. That, to me, is one of the most admirable qualities someone can possess. Thank you for your friendship. You will truly be missed.

- Mitchell

I have not been working at EBQ for a long period of time- with that being said, I don't have many memories with Ashley. However, we did work as a team on the project Venafi. I knew I could come to her with questions and she was always very helpful. I also challenged her to a ping pong match and she destroyed me miserably. I also loved her outfits/style every day. She is great. RIP Ashley <3 - NR

I would quite often pass by Ashley's desk and have random conversations with her. Most of the time it was to compliment her on her impeccable style or sharing funny things I came across. She always welcomed me with a warm smile. Know that her presence made an impact on all of us. We send love and strength from her EBQ family. - Symone Adeyemo

Ashley was a good woman, with a bright head on her shoulders and a warm heart in her chest.

Mitchell introduced us before I worked at EBQ and once I started I looked forward to seeing her. I'm sure all who knew her will miss her. A testament to her positive impact on people. May her soul find peace in passing. - Christos

I worked with Ashley for several years at Trulucks before we both made the jump to the office world. She was an amazing person - both inside and out. After a rough day at work, her smile was always a beacon of light to remind everyone that the stress of the work day was not the worst thing and to simply enjoy the people around you and have fun. My condolences to your family.

I had the amazing opportunity to work with Ashley for over a year. She was one of the few that when you stopped by her desk , or came across her in the break room, hallway. You were always going to get a smile and a laugh. Even on a Monday. She will be missed more than she will ever know.

-Danny D.

My roommate happened to work right next to you, and anytime I came over to bother him, it was always a good opportunity to catch up with you and talk. I will miss our conversations so much. You were always quick with a joke, and constantly cracking me up. But mostly, I will miss your kind and generous spirit. I am so grateful to have been able to call you a friend, and will truly miss you.

Wherever Ashley is now is more than blessed to have her and I most blessed to know her. My first thought meeting Ashley was that her quirky spirit was unmatched. My favorite memory is when she gave me some vintage clothes/shoes for no other reason than to put a smile on both our faces. I will carry her smile and laughter with me and wish that love to be with you always - MC

The first time I met Ashley she came bounding up to me with a watermelon in her hands. "You wouldn't happen to have a butcher's knife? Or a chainsaw??" Her charismatic and jovial nature shone bright from that first moment on. I really treasured our interactions. She will be missed.

What's there to say that hasn't been said already? Ash was a supernova. She brought light to many peoples' lives. I remember during a Venafi meeting, she beat Mike Edwards at ping pong, and everybody went crazy.. all in front of Venafi's visiting rep. The world is a little bit darker now that she's gone, but we'll always have the memories of when Ash made each of us felt special and loved. - Josh

*I never had the pleasure to meet Ashley in person, but from all the stories I've heard from all the people she touched, I could tell she had a beautiful soul! We will be Keeping Ashley and your family, in our warmest thoughts and prayers!

Ashley - Unmatched in her ability to light up a room& any conversation. From her first day, she truly shined & had the most intentional & authentic heart. She was a Joy. My love and condolences to her family and loved ones. She is missed, loved and we are all the better for having been a part of her journey here. Aching with you. - Natalie

Ashley and I connected immediately after one short conversation. She was one of the few people to understand and love the things most others find mundane. My heart is so hurt, and I will never forget the heartfelt conversations, deep thoughts and ridiculous jokes we shared. My utmost condolences for the loss of our beautiful Ashley. - Angela/Rita

*Ashley, you will remain to be a light. Your smile and cheer will always be how you are remembered. More importantly--to Ashley's family and loved ones--my deepest condolences to you. I shared a few memorable moments -
and laughs - with Ashley. We
commented on each other's sense of
style (she loved my colorful scarfs) and
our shared appreciation for live music.
She has a beautiful soul that will
continue to shine from afar.
Much love to her family and friends.

The first time Ashley spoke to me it was as if we had always been best friends. I believe she could connect with anyone and instantly have a new friend in seconds. Ashley would always stand out in a room full of people. She was silly, fun to talk to and could instantly put a smile on my face. I really enjoyed working with her. - Joshua W.

Sending appreciation one card at a time.
