*It would fill a book to tell you all the thoughts we have for all of you as you worked tirelessly serving the people of Korah during the pandemic. Knowing that the ministry was in such trusted hands helped us to endure the many months of not being able to be in Korah. Our testimony is God has been, is and will forever be in absolute control of all things. When we His people sincerely serve others unselfishly, the work of our hands will bear fruit, His love will endure and His will will be done. Thank you for being there. We are counting the days until we can be with you once again!
