Thank you, Sup. Ronen. I have worked at CCSF for nearly 22 years. As an embedded English tutor with the Writing Success Project, I am a classified employee who works closely with both faculty and students. From this vantage point I can tell you that CCSF is an extraordinary place, offering truly life-changing opportunities to thousands of students every year who might otherwise be shut out of a college education. We must keep all of our dedicated faculty. CCSF must grow, not shrink!

Arnie Warshaw

Thank you Supervisor Ronen for your leadership and support for City College.

CCSF is a treasure. So many students have benefited from access to its resources over the years. Thanks so much for helping support public education.

Thank you for supporting City College. The way the state funds community colleges penalizes our urban school. The City needs to step up and provide funding so that we can serve our community as we know how. Thank you for your support today!

Dear Supervisor Ronen,

Thank you so much for supporting CCSF. Not only have  
I been teaching ESL there since 1991, I earned an AS  
degree there and my mother worked as a secretary  
there for many years. City College is part of me, part  
of all of us. Thank you for helping us keep it that way.

Denise Selleck

Thank you so much! In 20+ years of teaching, in  
Cinema at CCSF just since 2018, I've found my  
CCSF students the greatest pleasure to work  
with for their enthusiasm, talent, and  
commitment. San Francisco needs a strong and  
stable community college to continue to uplift  
the prospects of so many -- as it has for  
decades.

As a former department chairperson at CCSF I am heartbroken that it is being dismantled. First there was the accreditation attack, then the demise of the Older Adults Department and many arts and non-credit classes, and now the evisceration of the faculty and administrative staff. Thanks for doing what you can.  
L. Wood Massi

I'm an ESL faculty at CCSF. I want to thank you for supporting CCSF and for understanding how vital a community college is for San Francisco. Especially now!

Thanks you supporting CCSF- its students, teachers (part-time and full time) and staff.

We must preserve CCSF and build up this institution. San Francisco is a world class city, and we need a junior college that matches that reputation. It must be properly funded, and we need to get rid of the 'rats' at the top who are paid 6 figure salaries. And what's wrong with the CCSF Board? Why did they hire someone who had a bad track record. Please continue to help. Thanks

Dear Senator Ronen, I taught at CCSF  
for 33 years and am now watching  
from Marin County the dismantling of  
an incredible community college, a  
wonderful San Francisco institution. It  
is so sad to see the innovative  
programs and support services for all  
San Franciscans being lost--so I thank  
you from the bottom of my heart  
for standing up for City College!

Dear Supervisor Ronen, Thank you for your leadership to fight cuts at CCSF when students and San Francisco need a strong, dependable CCSF more than ever. I commend and support your efforts to involve city government in pushing the Board of Trustees to use all available emergency funding to stop the cuts and to work with the city to insure longer term stable funding for this amazing Jewel of San Francisco.
