Louis, from the very start I knew you were not only serious about your sobriety (attending an East Cost 7 am meeting from California), but also a jolly old soul. Your wit and humor bring so much to our meeting. Please keep coming, Godspeed, Alane

**Congratulations Louis! I hear that at 10 years you know how to use the marbles you got back at 5 years. So use them well. ❤️**

What a treat to celebrate this decade anniversary with you, Louis! Your arrival at JFT via the pandemic has deepened and blessed our meeting. It's going to be a grand day in the neighborhood when you make a pilgrimage one day to Arlington, Massachusetts, where you will receive herd-immune hugs from all of us! Enjoy the day, and thanks for sharing your sobriety with us.

*Congratulations Louis! Since I started recently, I have really appreciated the 7 AM JFT group. And the opportunity to celebrate major anniversaries. Wow, 10 years! That is awesome. I really appreciate your insights in the meetings as well!*
