Fond Farewell
from all of us

14533, it was time too short but well spent. You were superb at TMC and I thank you for all that you have done for us. You will be impossible to replace. Take care and know we are ready to have you back when you get bored at home!

Nick V

Dear Gail,

you are an exceptional staff member dedicated to promoting excellence and making the workplace a fun place to be. We will definitely miss you, and we hope you will keep in touch with us from time to time.

Ruby

Gail,

It was a true blessing to have met you on my professional path and to now count you as my friend.

Over the past 40 years of your nursing career you have put your heart into healing people and made a positive difference in many lives.

I am so excited to see you re-define retirement, because you definitely don't look or act like a typical retiree. Whatever plans you pursue in retirement, may you enjoy them all the more knowing how completely you deserve this happy time of life.

Big hug,

Elena

Gail,

It has been such a pleasure and honour to work with you. You will be missed around here. All the best in this new chapter of your life. Keep in touch. <3

Carolyn

Gail,

You've been here since I started and it is hard to imagine TMC without you. I have always valued your opinions on patient matters and hanging my kids! I could always count on you to join me in a Tim's coffee if I was going and you always offered to get me one when you went, you even let me pay sometimes ;) . You were a cornerstone of the clinic and our family and you will be missed.

Mich

Hi Gail, it's unfortunate that we only had one day working together. Nevertheless, thank you for all your help. I wish you all the best! Take care and stay safe 🍷

Ana

Dear Gail,

You are living proof that good things come in small packages! You were a dynamo at TMC - nobody walked around the office as fast as you or with more purpose. I want to thank you for being unfailingly patient, helpful, and supportive - and most of all - doing it all with a smile on your face.

I always said you dressed beautifully, as if you were going out for lunch - now we can do that together! In the meantime, I wish you a long and happy retirement - you so deserve it!

Beth

Dear Gail,

Congratulations on your retirement! Well deserved! Your compassion and gentleness to our patients and TMC family will be greatly missed. I am so lucky we met in my early family days - my guardian angel, reminding me yearly of how wonderful May is (anniversaries!), support during pregnancies ie. catching me during a vasovagal/supplying munchies, checking in with the kids. I will really miss our chats! I wish you all the best! May it be filled with many joyful new adventures!

Dear Gail,

I am at a loss for words to describe the impact of your departure on TMC and for me personally.

I will miss so many things about you. Specifically, your smile, your heartfelt and caring support to our patients, your carefree and easy-going attitude towards your colleagues, your willingness to help out in any situation and most importantly, your outfits!!! I think after all these years, I never saw a repeat outfit! 😊

Of course, we fully understand why you are moving on but please know that you will be terribly missed and your impact on TMC will never be forgotten.

I truly hope that we can stay in touch and continue the special friendship that we have built over the years.

Lots of love,

Stella

Dear Gail,

I can't believe that your time at TMC has come to an end! Your kindness, positivity and commitment to our patients will be missed. Thank you for your friendship and support throughout the years. The coffee that you would make in the afternoon, on more than one occasion, was the only thing saving my sleepless-newborn-parent-phase brain from dozing off in front of a patient.

(continued)

One thing I've always admired is how close your relationship is with your children. I've taken many nuggets of wisdom from our many conversations and aspire to have adult children that enjoy my company as much as your children enjoy yours!

Enjoy your well deserved retirement!

Garway

Gail,

I am so glad that we had this precious time together. I will always remember how warm, caring and thoughtful you are. Things like preparing my bag for a housecall, or supplying a low carb snack at the end of a busy day, brewing up your aromatic carafe coffee.. all these would be such wonderful treats! Even among the frenzy of looking after our patients and guiding our staff, you had time and energy to look after us too! You have this life-giving hopeful energy about you that also shows in your fantastic outfits and in the very careful way you have of advising our patients...

Colleen (page 1)

I also treasure your charity and support in our Community Spaghetti dinners. You were always there to fearlessly organize our dessert table, and went out of your way to supply abundant treats for our patrons even if you could not come. You also gave me encouragement to keep on with it when I had doubts. Thank you for being there for Greg and I - you are an angel of God's will. With you there and at TMC, I do not need to worry.

I wish you overflowing joy, blessings and peace in your retirement, and lots of gardening contentment too! Hope to keep in touch ❤️

Dear Gail,

So hard to say goodbye, and to imagine TMC without you! It seems only yesterday that you came from the hospital, to "the other side"--you quickly found your stride in family practice! You have been a steady presence--your dedication to the patients and to all of us has been clear. You showed kindness and compassion to all, and remained calm, and smiling, even in the most challenging moments. Your thoughtfulness was always evident--knowing what each of us needed, and when (that cup of tea to make it through the day!).

You went above and beyond, caring for TMC like your own--

Janet

whether keeping an eye on the basement at 24, or picking up packages when cycling by on the weekend! We have all learned from your wisdom, too! You have left an indelible mark at TMC, and you will be missed! I wish you the very best in retirement--good health and happiness--and time to enjoy family, friends, time to walk or cycle, explore craft shows, bake--whatever you enjoy. It is an enviable stage of life!

I hope our paths will continue to cross, in the neighbourhood, and that we can stay in touch! Congratulations on your retirement--a career you can be proud of!

Love,
Janet (p2)

Gail, it has been my pleasure to work closely with you for the past 8 years or so. You are knowledgeable & reliable & always do your job with a smile on your face. For me, the real value in having nurses work side by side with us docs is being able to leave certain aspects of care (or patients that I would rather not deal with :) to our nurses & know that they would get excellent care. You have exemplified this & thus enhanced my practice & my enjoyment at work. I wish you a wonderful retirement filled with doing things that you you want to do when you want to do them! I will miss you.

Gail

Thank you so much for your support these past few weeks, as I settle in at TMC. I appreciate all the tricks and tips you've shown me. My only regret is not being able to work beside you for longer. I know I cannot fill your shoes, but I hope to bring some light and laughter in your absence. Wishing you all the very best in your retirement, you will be sorely missed! ❤️

Bailey

Hi Gail,

I don't know where to begin. I am so excited for you to start the next chapter in your life! I just wish that it included continuing to see and work alongside you. I will miss our conversations.

I can't thank you enough for all of your help and support. You kept my INR between 2.4 and 3.2 and listened politely to all of my complaints. What a tall order!! I'm running on empty without you and Martha.. You will be sorely missed.

I wish you all the best in the future. Enjoy your retirement, you've earned it a thousand fold.

Please stay in touch!!!

Love,
