TEACHER,
WE APPRECIATE

Thank you for making class productive! Although, your subject of teaching is hard, I thank you for making it easy and informative as you can to make students understand the subject :) Plus thanks you for the fun check-in questions!!

Janlex Diane Carpio

mr. b i'm sorry i sleep through your class sometimes i swear it's not about you it's just really early in the morning. anyways thank you for being such an awesome and patient teacher and for making physics fun! i've really enjoyed getting to know you and being in your class this year:)
jenna plasschaert

Thanks for putting so much effort and dedication into physics class! Your demonstrations and the questions you ask in the warm-ups are always so interesting! Thanks for being so positive all the time! :)

Tania Anand-Kumar

Hi Mr. Bourbeau!

As a new teacher at UPA I can imagine it was difficult to teach remotely but you've done an excellent job! Since I have your class in the morning I appreciate the warm-ups you give us because they give my brain a chance to wake up before jumping into content. Thank you for making physics entertaining and for being a great teacher!

Sincerely,
Rosie B :)

Hi Mr Bourbeau, thanks for being such a fun physics teacher this year! Although I struggle a bit learning all of the concepts in class, I loved all the pop culture references in quizzes and assignments! That was very fun, to figure out far gandalf fell in lord of the rings (is that right...?)

Thanks again!

Julia Wong

Dear Mr. Bourbeau,

Thank you so much for being a great teacher. You are so patient and kind. I really am learning so much in your class and I feel that I understand all of the concepts.

Thank you!
