Marilyn Nutter

Thank you for bringing us
information as well as
hope!

Jennifer Meade

One of my favorite podcasts! Each time I think I'll
listen to just one I end up looking up another one from
the archives. Kelly's compassion and humanity really
shine throughout and even if I don't learn anything
from the interviewee I feel supported just by Kelly's
voice. Thank you everyone for all your hard work!

Talya

Thanks for all you do to help
improve the lives of those living with
epilepsy.

Kelly,
Thank you for taking the time to interview my beloved son, Alec, about his Post Traumatic Epilepsy. Alec's Seizing Life story will live on because of your beautiful interview. Congratulations on the 100'th episode! Katie Beauseigneur on behalf of my son, Alec Beauseigneur (Forever 26)

Kelly,
Congratulations on 100 episodes! The first episode of Seizing Life that we listened to brought immediate tears to our eyes. But when we learned that Infantile Spasms was something Adelaide was dealing with and saw your strength and fierce advocacy to find a cure, we knew we had to join you in this fight. It gave us the courage to speak up about Vera's condition. You gave us that courage to become advocates when we felt so defeated by epilepsy and IS. You are bringing awareness and education to the world. It is so important to us and we are honored to have been a part of it! Thank you, thank you, thank you! Cheers to 100 more episodes! ♥

Vera, Kaian, Cindy and Elvin Angulo

Kelly - Congrats on 100 episodes of Seizing Life! We were both a bit nervous for our session. It can be difficult sharing stories about our boys epilepsy. You made us feel at home and we are honored to be part of Seizing Life.
