Dear Renee

Although I only recently began volunteering at the shelter it is the highlight of my week and in large part due to your making the shelter such a welcoming, safe and uplifting environment for the humans and the animals. Thank you!

Susan Thaler

Sending appreciation for who you are & what you do, Renee. We go back to the early '80s when you worked with Dr Lee. You inspired us to both rescue & to show cats back then. You found a perfect pup for my mother in her last years & had a home waiting for the day she couldn't care for him. The memories & affection we share are long & we are forever grateful.
