The word, Teacher has been defined as: a person who helps students to acquire knowledge, competence or virtue. Informally the role of teacher may be taken on by anyone.

Y'all (most) have shown what resilience looks like. I am grateful for the teachers who were able to REACH students during these unprecedented times. I applaud you, I pray for you and I acknowledge you for how much you do with very limited resources and under-valued salaries.

Take a bow and a break, you deserve it!
