Really sad to see you leave Kibeom. I thoroughly enjoyed working with you, and your energy and passion will be sorely missed. Thank you so much for your massive contributions to TF over these years and I wish you all the best for the future. Ads is really lucky to have you :)

Rohan

You will be missed Kibeom! I wish you the very best in your future endeavors and hope we get to work again in the future. Thanks for all your contributions to TF.

Goldie

Having the opportunity to learn from you was priceless! Your knowledge, experience, insights, vision and helpfulness will be sorely missed!

I hope you have a great time in your next team! Looking forward to having our paths cross again!

Faizan

It was such a fun experience to both work and have casual chats with you. Your technical insights, problem solving skills, and willingness to help out other people set a standard for me. Having the opportunity to work with you and learn from you is a privilege for me. Glad you are not going too far and best wishes for your next roles!

Jun

Really nice to work with you. Your energy, passion, patience, knowledge will be truly missed.

Wish you all the best!

Yanhua

Kibeom, I will miss a lot interacting with you. In the few weeks since I joined the team, I have appreciated your patience and thoughtfulness in answering all my questions, your clear guidance and advice, and everything that I've learned from you.

Good luck in your new adventure!

Bogdan

It's been great working with you Kibeom - hopefully we'll have the chance to have more of the interesting discussions we had over time. Thank you for being a great colleague, and for all your help in making TensorFlow better!

Dan

Hey Kibeom it was such a pleasure to work with you! You are a very knowledgeable and responsive mentor/colleague. You will definitely continue your success in the new team!

Jiawei

Kibeom, thank you for being the first tech lead on Rohan's team (and in Google) to have a 1-on-1 with me. Best wishes on next adventure!

Edward Schwartz

Kibeom, it's been a blast working with you! I will miss our lunch conversations as well as your thoughtful documents and reflections about the state of ML infrastructure. Best of luck! :)

Tomer

KIBEOM, YOU ARE AN AWESOME
COLLEAGUE! THANK YOU FOR ALL THE
HELP AND GUIDANCE.
WISH YOU THE BEST! 😊

Yu

*Kibeom, it has been great working with you. I will
miss you and your awesome documents with all
the emojis. Wish you the best!*
Xiao Yu

*Hey Kibeom, it has been really
fun talking with you and we will
miss you for sure. Wish you all
the best in Ads, and have fun!*

Ruoxin

kkb! I will miss your
engineering and product
insights. I hope to work
together with you in the
future. Best of luck!

mani

IT'S GREAT TO WORK WITH YOU
KIBEOM! YOUR EXHAUSTIVE
SERIES OF DOC ON TF STACK
WAS REALLY HELPFUL FOR ME
TO ONBOARD, AND IT WAS
LOTS OF FUN WORKING WITH
YOU ON THE TF/TFRT
INTEGRATION PROJECT. ALL
THE BEST ON YOUR FUTURE
ENDEAVORS AT ADS!

CHUANHAO

All the best for your next endeavor
Kibeom! Wish we had more time to
work together! Hope our paths cross
again in the future!

Isha

Enjoy your new non-
Tensoring life!

Cesar

It was a lot of fun working with you, Kibeom! I'll miss the long brainstormings we had. I enjoyed reading your long docs and watching your pranks! Hope your next journey will be a smoother ride than the roller coasters we went through here.

Peng

Kibeom, your passion, energy and out-of-the-box thinking for making TF even more successful will surely be missed. I thoroughly enjoyed our broad technical and non-technical discussions. Let's keep in touch and good luck with your new role!

Saurabh

Kibeom, it was an awesome working with you on TF! I remember when you first joined the team, you immediately dug into TF and explained how tf.matmul worked e2e, which greatly helped other newcomers to the team. We need more people like you! Hope you have fun on the new team; you'll be sorely missed.

Brian
