Wonderful to see the library transition to the high tech faculty it is today . From index cards to e library cards. The facility and awesome staff helped my kids blossom by providing many activities and books over the years!

I hope all the staff are okay during the difficult time of covid. Thanks for all of your hard work for the community! The Fletcher/ Siviero family

I love the Thornhill Village Library branch. It is so intimate and the librarians there so helpful. They do their job very well assisting you with their computers, putting books on hold, and most importantly, inspiring you to read. I appreciate how they highlight certain books for interesting reading by putting them on display. It has the finest collection of children's books which I like to peruse as I am a writer of children's literature.

*We remember watching you rebuild the Markham Villiage  
branch and open the Cornell branch. You are always innovating  
and always happy to help. Much Kudos to all the staff for  
their years of exemplary service, and we hope to be visiting  
you again soon.*

Happy 50th MPL!*

Happy Birthday, MPL!  
I've known you since I was first learning how to read and write and you certainly helped me with both of those skills into my adulthood. You've always been there when I needed help on researching for school projects, or just finding the next best book/movie/music to preoccupy my free time. Enjoy your cake and keep up the good work! See you soon,

Tracy Q.

I LOVE libraries. Used to work at Calgary Public Library, U of C Law Library, U of S Law Library, and U of S Medical Library. Visit your Markham Public Library every chance I get. Congratulations.
