Oh Allen, It is with such pleasure that I can wish you a happy anniversary this year. You have made so many strides to create a peaceful and sober life. It is so impressive. You are always a power of example. Thank you for your friendship and your presence in our rooms.

Happy Anniverary Allen! I'm grateful for our friendship and for your strong example of living life on life's terms. Eric

Dear Allen: Happy Anniversary to you!!! Wonderful to hear you today. I always can relate to the efforts to get sober without a program. Dryness does not lead to recovery we both discovered. I so admire your honesty and effort to better your life. And I value your friendship. I hope you keep coming to our meeting. In love and friendship. Jeanne
