Hi, Mrs. Bailey

Thank you so much for being such an amazing biology teacher. I wish we were all in person so that we could do labs and interact with each other. But even through zoom I can tell how great teacher you are. You always try to give us fun activities that we can work which is so nice and caring. Thank you again for being a caring, flexible, and creative teacher!

Jerusha Mathew :)

Mrs. Bailey,

Thank you for being a fun teacher for me this year. All of the online labs that we do and the videos that we watch are very interesting for me.

- Maya V

Hi Mrs. Bailey,

Thank you for being an amazing teacher; I learned a lot from your class!

- Niki M.

Thank you for being a fun teacher over distance learning. I have consistently been engaged and entertained in your class, and you have done especially well at keeping me engaged.

Joe Wong
