Hi ms.gong-guy,
Thank you for being the greatest English teacher to come to this school, you have always been there for your students when they are having a hard time and you never judge, and you were always there for the girls so I am so great fil that I got to have you as a teach and I hope to have you as my teacher again

Hi Ms. Gong-Guy!

Happy Teacher's Appreciation Week! English 11 was such a fun class and I always looked forward to it even though it was at the end of the day. The Great Gatsby assignments were always my favorite. Thank you for caring about your students and for being passionate about what you do! I'm going to miss you when I graduate!

Sincerely,
Rosie Baeza :)

You don't know me and I never had you as a teacher but I always heard about how much you care for your students. The effort you put into developing your curriculum and building student relationships is such a feat. I've also come across the aesthetic layout you formatted on Schoology and I absolutely LOVE it. My eyes are pleased. Good luck in teaching for however long you please until you are content about the immense impact you've made on the UPA community.
