

WISHING
you
THE
VERY
BEST!

Father - thank you for your service. You have been a source of joy and patience, with a steadfast dedication to the historical education of myself and many others. I wish you a wonderful journey ahead.

Hi Father! I have so many happy memories of working with you and sorry I did not get a chance to give you my best wishes in person. Thank you for all of the support you have given to me and sending you my heartfelt best wishes for the future. Hopefully we will meet again in the not too (socially) distant future!
Angela

*Dear Father Harry, Wishing
you all the best in Oxford. Their
gain is our loss! I enjoyed
working with you and you will be
sooooo missed!

Thank you for giving so much to us over the last few years. You gave of yourself and shared your faith with us reliably, simply and with deep conviction. You always welcomed us as friends. I wish you all the best in your new position. You are a light in the darkness.
