Suzanne,

Guess I worked with you 27 of my 29 years at the LCC Library according to your bio and I am so glad I was a part of the team that "embraced technological changes and challenges" over those years. It was my pleasure to work with you and I've always admired your enthusiasm and hard work doing the many activities you've done to help students and improve programs at LCC! You can leave LCC knowing you "made a difference" for sure! Now, you can enjoy life doing what you want and I know you will still "make a difference" in retirement because that's just you!

Love ya dear friend,

Michele Holmberg

Suzanne - Wishing you the absolute best in retirement! I cannot thank you enough for all the great things you've helped our students with over the years! I particularly have fond recollections of library information sessions with my students, MATHC events, and good conversation about what else? History!

Be well,
David Siwik

Suzanne, congratulations on your retirement. Thanks for everything you have done for our program, and for Tech Careers. We will miss working with you, and it will be tough to find someone who can fill your shoes. I hope you enjoy your retirement, and find some fun stuff to do.

I remember back in
