

This card helped plant a tree through the non-profit
OneTreePlanted.org. Thank you for supporting our goal of planting
1 million trees.

Sending appreciation one card at a time.

Hi Ms. Aquino!

I had you as my English teacher in 10th grade and I remember struggling during second semester but you were very understanding and willing to help me fix my grade. I'll always be grateful for your support. Thank you for being a fantastic teacher who cares about her students!

Happy Teacher's Appreciation Week!

Sincerely,
Rosalinda Baeza :)

Hey Ms. Aquinooo

I enjoyed learning new cultural perspectives in English 10 and writing my strongest essays with the feedback you gave in English 11. You made reading more bearable with the assignments you tasked us with. Thank you for being flexible with submissions and caring for our mental health through helpful breathing exercises! Take care for now and I wish good health to you and your family :]
