Mr. Siebly

My first impression of this class is that I would be taking notes all day. However, I was mistaken. I learned how to take and layer notes which I used for my history fair. I also learned how to think on my feet which I think is a cool skill to have. I enjoyed the interesting classes such as the old English shopping list. Thank you Mr. Siebly. I will come to visit you when I come to class next fall.

**Best,
Atley Nguyen (Avid Period 1)**

To my (interesting) art teacher:

Hello! I just wanted to wish you a great Teacher's Appreciation Week. Thank you for teaching me many art topics this year.
