To Mr. Ramirez:

Thank you for being a great band teacher. I've learned a lot about music from you. Have a great Teacher's Appreciation Week!

~Katrina Tran

Hi Mr. Ramirez,

Being a student of your class has let me excel in trumpet, like I haven't ever done before.

I have really enjoyed playing the trumpet and learning from you!

Zayn Damji

Dear Mr. Ramirez

I really appreciate what you have done this year for me as I was able to improve with my trumpet. At the start of the year I was not confident in playing in front of the class much, but now that I have gained some musical knowledge I am able to be more confident in learning and playing music. Thank you for answering my questions in class and I really enjoy band as a whole. Happy teachers appreciation!

Thank you  
Your student trumpet  
Anish Raj

Hi Mr. Ramirez! Thank you for being a wonderful teacher! I have improved more than ever before this year with the saxophone! Without music, life would be flat. Back in the beginning of the year, my confidence on saxophone wasn't that great. I thought I would not be able to handle the class, but I was able to exceed! I would compose a list of all my gratitude, but there is a character limit. Music is a key part of my life, thank you for everything, see you next year!

Sincerely,  
Kayla Tan IB

*Thanks for being awesome this year. Band has been very engaging for me this year, and I have enjoyed being in it. I also found some jokes to be funny.*

*Thanks  
Joe Wong*
