Dearest Emily. Congratulations! You are very special to me and I am so blessed to have you and your recovery in my life. The way you show up and inspire through laughter and insight is commendable, your honesty and vulnerability give a realness to your program that makes me want to be with you xoxo I look forward to many years ahead. *Happy 7th birthday Emily!!!! I too came in 7 years ago. I
feel an affinity with you, and I love how hard you work the
program. I might go a couple of years without seeing you
at a meeting, and when I see you again, I can see your
growth (can't always see mine!), and I love that. Thank
you for the gift of your sobriety. :) Lots of love, Julieta*
