Hi Ms. Gavin! I really appreciate the organized structure of your classes and all the resources you provide to make sure your students are well-prepared for AP exams! You are honest with and supportive of us and always take our mental health into account, which means a lot. Thank you for everything you have done!

Kate Feng

Hi Ms. Gavin,

I've really enjoyed taking Sociology this year and I admire how passionate you are about the course. Despite having to transfer everything to a digital format, all of your assignments have clear instructions and are organized, which is appreciated. Thank you for being such a caring and dedicated teacher, I'm going to miss you!

Sincerely,

Rosalinda B :)
