HAPPY BIRTHDAY TO YOU  
LAUREN. We are all eager to  
hear a new album from  
CHVRCHES. I'd love to review  
it when it comes out. It's  
because of you I write for  
[GIGsoupmusic.com](http://GIGsoupmusic.com)! I was so  
desperate to see you at Tufnell  
Park Dome that I said I needed  
a press pass, so I had to apply  
for a job as a writer. Now I write  
about albums, gigs full time and  
take pics too.

Happy Birthdaaaay

Commander's Diary.

It's 11:00 am on October 7th, land date. The story of this trip dates back to the same date as 1987.

We had just crossed the southern hemisphere, entering the constellation of the ANTARES, marveling at us by the incredible beauty.

We go in, and notice the star Zubenelgenubi  
Â This makes us understand that we are within the constellation of Lybra.

At that time, a fragment of star has detached itself from this constellation heading toward the earth. Surely it will create something new. We found out today, after 30 years. We see it in its entirety. And today is the star of this star's day. That we starfighter, we found out to be Lauren. There is nothing left to praise his earthly qualities. Therefore, happy b-day star Lauren !!  
Thx 4 your music ... Marco

Happy Birthday  
Lauren!  
You Are a Very  
Special Person  
Never Forget That!

Hello, Lauren!  
Welp, big 30, huh? uwu  
Haha, got any tips that would help with life to  
someone a few years younger? uwu  
Hehe, anyhow, this day is for you, so well, yeah,  
a lot of people and I wish you the best for the day  
and the best for you on life overall. :,3  
I won't speak only 'bout myself on this one since  
I know that, in some ways, you've changed all of  
our lives for better in one way or the other and  
well, sincerely, I know we all thank you deeply.  
Music is a big part in our lives and...  
... the fact that CHVRCHES (and your other  
projects) has given us so much in that regard,  
well, at least I can't think in a proper way to  
thank all of that but, well, every bit would reach  
the goal so, I thank you a lot. Music means the  
world to me and, it has given me so much I know  
I need to thank (and congratulate, obvs :p) one of  
the greatest musicians on her day uwu  
Anyhow, hope you have a pretty amazing day  
today with everyone you love and well, hope  
there's lots of cake as well :,3

[Cont. from previous page... :,s]

Have an amazing day today, and, may the days  
that come by next become pretty great as well  
uwu

Sincerely: Ángel Ponce

Happy 30th Lauren!

did on mine! It was a blast!
